“An introduction to R and the environment *RStudio*”

For registration please contact
Dr Noemi Castellitti under:
noemi.castellitti@med.uni-muenchen.de
Registration deadline: Mai 7th 2023

Very often data analysis seems like a black box, that however needs to be handled to publish or write a thesis. At the end of this lectures participants will be able to: depict data-analysis on real data; elaborate a reproducible code; outline and elaborate data-analysis for Master's/PhD Thesis and publications.
See you soon at the course!
